

Mr Wong Loke Hin
President
Large-Scale Systems Group
Singapore Technologies Electronics Limited

Mr Wong was appointed the President of ST Electronics' Large-Scale Systems Group (LSG) on 1 July 2012, having served as its Deputy President/General Manager since 1 January 2011.

Mr Wong graduated from National University of Singapore (NUS) with a Bachelor Degree in Electrical Engineering, completed his Master of Science (Management of Technology) from the NUS in 1994 and attended the Stanford-NUS Executive Programme in 2001.

Mr Wong began his career as a Project Engineer in the Systems Division of Singapore Electronics & Engineering Limited (SEEL) in 1982. Holding various technical and management positions, he was responsible for the development and implementation of several large-scale control and automation systems. SEEL then expanded and amalgamated with electronics companies under the Singapore Technologies Group to become Singapore Technologies Electronics Limited.

Heading LSG's project operations, Mr Wong was responsible for the implementation of several Mass Rapid Transit and Light Rail Transit electronic systems. Today, the LSG team comprises about 700 staff, implementing turnkey solutions in rail electronics, intelligent building and defence systems.

Mr Wong is the member of the International Council on Systems Engineering (INCOSE) and member of the Consultative Committee of NUS Electrical & Computer Engineering Department.

He is married and has a daughter and in his spare time he enjoys reading and swimming.
