

## Appreciation of Outstanding Performance

### From Abu Dhabi's Department of Municipal Affairs and Transport

ST Electronics (Info-Comm Systems)'s project managers, Mr Nuramin Bin Suhadi and Mr Arthur Ng, were awarded letters of appreciation by the Abu Dhabi's Department of Municipal Affairs and Transport (DMAT) during a project achievement ceremony held on 26 May at the Abu Dhabi Traffic Management Centre. The event was attended by more than 50 senior management and staff from DMAT as well as partners who have participated in the project.

The letters of appreciation and plaques were presented by Mr Abdul Khaleq Abdulla Mohamed, Section Head – ITS Design & Implementation of DMAT to Nuramin and Arthur for their outstanding performance that ensured the smooth completion of a Fibre Connectivity project for DMAT. Both were commended for their dedication, professionalism and commitment exhibited throughout the project implementation which has contributed to the success of this project.

ST Electronics provides expertise in fiber connectivity design, supply, implementation and maintenance that covers the communications hubs, data centre and the entire DMAT fiber network connectivity around the Abu Dhabi island. The solution enables DMAT to expand their fiber connectivity around the Abu Dhabi Island to meet rising demands and to cope with future network expansion.

Mr Nuramin Bin Suhadi and Mr Arthur Ng (second and third from left respectively), were awarded letters of appreciation by the Abu Dhabi's Department of Municipal Affairs and Transport.
